

ICLHE SPAIN Regional Group Online Symposium - 5 November 2020

Welcome!

As a result of the current COVID-19 pandemic, the ICLHE Spain Regional Group is organizing its first meeting as an online symposium. We are proud to announce that the event will count with the presence of participants from all over Spain, and beyond!

The day will open with a keynote address by Dr David Block, from the Universitat Pompeu Fabra. Following this there will be three rounds of panel discussions, which will deal with current ICLHE topics, delivered by expert researchers and practitioners in the field. The event will close in the afternoon with a roundtable discussion on issues particularly relevant to the ICLHE/EMI community based in Spain.
